- Adys Sign allows viewers to easily find out that the product you have created with Adys font has added value – it will make reading easier for people with dyslexia.

- It's recommended that the mark be placed on the outside/cover of a product created with Adys font. Especially for educational and commercial products.
- The sign should be used at a height of not less than 1.5 cm for digital printing and 1 cm for offset printing.
- Use the Adys sign in both the specified colors, but also in the color code of your product.
- If you use the font for personal use only, you do not need to put the sign.
- Thank you for including dyslexics in your work.
